Professional Summary

Dedicated and detail-oriented Web Developer with **1+ years of professional experience (starting early 2025)** and over **15+ successful client projects delivered**. Specializes in building modern, high-converting websites, interactive client portfolios, and polished business web platforms. Renowned for translating complex professional journeys and business offerings into elegant, responsive digital solutions that leave memorable first impressions and drive measurable career and business results.

Core Specializations

- Job Ready Portfolios:** Engineering comprehensive, HR-tailored professional portfolios highlighting credentials, verified achievements, and research records to accelerate recruitment for engineers, academics, and medical practitioners.
- Business Ready Websites:** Designing and deploying modern commercial platforms with responsive UI, interactive catalogs, social proof, and streamlined customer contact channels to turn organic traffic into paying clients.
- High-Value Client Showcase Portfolios:** Developing refined, premium-grade web presence that establishes authority and commands higher valuation in competitive global markets.

Professional Experience

Nest Portfolios & Independent Web Solutions

Remote • Global Clients

Lead Web Developer & UI/UX Consultant

May 2025 – Present

- Spearheaded end-to-end design and frontend development for **15+ client websites** across healthcare, academia, engineering, industrial services, and food & hospitality.
- Collaborated directly with international clients (UAE, Saudi Arabia, Pakistan) to refine personal brand storytelling, structure case studies, and deploy responsive web solutions.
- Engineered custom interactive UI modules including card flip review showcases, animated preloader pipelines, real-time category filtering, and direct WhatsApp CRM integrations.
- Achieved 100% client satisfaction ratings with verified testimonials praising swift turnaround, pristine visual hierarchy, and instant recruitment impact.

Freelance Frontend Developer

Pakistan

Frontend & Responsive UI Specialist

Jan 2025 – May 2025

- Constructed responsive web interfaces leveraging modern semantic HTML5, Vanilla CSS3 architecture, and modular ES6 JavaScript.
- Optimized website loading speeds, implemented mobile-first responsive breakpoints, and adhered to SEO and accessibility best practices.
